**D**<sup>ilatory</sup><sub>omiciles</sub> under front cover of this book should be consulted first  
for all changes.

## D<sup>ilatory</sup><sub>omissiles</sub> And Locater Insure Accuracy

Social Registers of each city are issued in November and their accuracy is maintained throughout the year by D<sup>ilatory</sup><sub>omissiles</sub> in December and January, and by the Summer Social Register in June, with country and foreign addresses of all the cities combined.

They record the full names and addresses of members of prominent families grouped together, the clubs to which they belong, and the marriage and death of each person as it may occur.

Names of Juniors { M<sup>issae</sup> 12 to 17 } appear under the names of  
                          { M<sup>ara</sup> 14 to 20 } older members of their families.

The Locater *cataloguing in one alphabetical order every name in all the Social Registers with the family's head under which it may be found and the city in which the name appears*, is essential, owing to the many inter-marriages among families in the various cities and constant changes from one city to another. Reference to the Locater shows at once under which city to look for any desired name and there all required information may be gleaned.

The names of M<sup>arried</sup><sub>aidens</sub> who have married into families of other cities appear among the M<sup>arried</sup><sub>aidens</sub> of their former city with their present married name and the city of their residence in italics.

The subscription is \$14.00 per annum for New York, \$8.00 for Washington, Philadelphia, Chicago or Boston and \$7.00 for each of the other cities.

A subscription of \$55.00 includes all the issues for New York, Washington, Philadelphia, Chicago, Boston, St. Louis, Pittsburgh, Cleveland, Cincinnati & Dayton, San Francisco, Baltimore, Buffalo and the Locater.

*To insure the finding of a name in the Social Register look for it first in the Locater.*
